

Digital Tire Monitoring with ContiConnect Lite

Tire data sent directly to your mobile device, for free!

A simple investment in Continental's Intelligent Tires or tire sensors provides your fleet with access to ContiConnect Lite—a no-cost solution to monitor tire pressure and temperature via Bluetooth directly from the ContiConnect app. Notifications can be enabled to alert you about any necessary preventative maintenance before a small tire issue becomes a costly problem on the road.

How It Works

- 1 Set up your vehicle in ContiConnect Lite
- 2 Use the app's Bluetooth connection to read your tire sensors and configure your vehicle
- 3 Monitor your tires in the app and take action when necessary
- 4 Enable push notifications to keep up to date with the latest open or closed tire alerts

Ready in two simple steps

STEP 1 - Download the app

STEP 2 - Register for ContiConnect Lite
