Update Vehicle Create Vehicle or

Update Vehicle in ContiConnect with Hand Held Tool (HHT)

If all tire positions have been scanned with the HHT and a vehicle profile already exists, you are now ready to sign in to the ContiConnect web portal.

On the HHT, click 'Diagnosis'.

Time estimate: **5-10 min**

Navigate to 'Vehicle List' and search the vehicle's name or number.

ESC

On the HHT, click 'Connection

Diagnosis

CANcheck

Click the button under 'Actions' (appears as 3 vertical dots) and select 'Upload handheld tool file'.

Plug the provided USB cable into the HHT and plug the other end into your computer.

On the next screen, click 'Upload HHT File'.

A drive will appear on your computer titled 'CPC-MEM.' Navigate to the 'REPORT' folder within this drive.

Select the vehicle name you're

updating on ContiConnect and

click 'Open'.
